You start here.
Where the dreams cannot be remembered.
This is your body.
But it is not you.
What you are, nobody will see.
You are safe.
Save your body too.
You are safe.
Save your body too.
Leave your voice behind. Your body is here to be shown.
Your voice is still behind.
Bring your voice to where your body is, but you're still not here.

Your body is still, with your voice behind.
Your voice grab your hand and now you are here.

Now it's your body, your voice and you.
There is no where to go.
Now it's your body, your voice and you.
