

### 3 themes/contexts/topics/materials

#### language

- function, role and possibilities of language
- language as any structure
- communication, sharing reality - real/unreal/surreal
- capture reality and shift it through language

#### sustainability and growth

- how to evolve
- how to keep in touch with me and what is going on in the world
- how to share and create opportunities for sharing and creating

#### utilisation of embodied multi-layeredness

- how to connect all experiences from different disciplines in individual approach to one context all the time (e.g. interweaving pedagogy, producing, performing, research, living)

#### humour

- how to keep it, how not to lose it
- staying practical, vulnerable and open
