

## **Ice Hot That Happened**

Both sound and video are looped but in different ways:  
One is inverted and one is copied.

Our reenactment is titled "Ice Hot That Happened" game-like wondering - cryptic.  
trying to solve it. What happened? Is it two clips?

repetition.

daydreaming - a peak inside the head of the people sitting on the bench.

the horizon of the sea, a place to sit and daydream. unlimited space -> reaches far  
and beyond

their bodies are still - as the camera pans, we get a peak into their wandering minds.

space time continuum.

the circular movement of the camera.

Perpetuum mobile.

how many times can one loop it? for it to dramaturgically work.

copy. paste. And copy again.

how do you see yourself as a viewer? the camera man (witness), sitting, walking by,  
straw/sand

you can be here and there.
